

SEAMLESS PIPES

- Seamless Pipes manufactured in accordance with standards.
- A full range of pipe sizes ranging from 1/2" to 24" in a wide variety of schedules.

- Available in various dimensional and wall thickness specifications.

BUTT-WELD FITTINGS

- A comprehensive range of butt-weld fittings are available in different specifications:

- * Concentric & Eccentric Reducer
- * Equal & Reducing Tees
- * 45° & 90° Elbows
- * Butt-weld caps.

- Conform to relevant material and dimensional specifications (ASME ...)

- Available in larger sizes (Up to 24"), heavier schedules and various grades.

FLANGES

- A wide range of flanges including :

- * Slip On Flanges
- * Weld Neck Flanges
- * Socket Weld Flanges
- * Blind Flanges
- * Lap joint Flanges
- * Threaded & Screwed Flanges

- Flanges manufactured in accordance with ASTM, ANSI, API, DIN and other engineering standards.

- Flanges are available in different sizes, grades, pressure classes and material types.

FLANGE ACCESSORIES

- A full range of gaskets are suitable for all pressure applications (High, Medium & Low Pressure):

- * Metallic & Semi-Metallic Gaskets: (Corrugated Metal, Metal Jacketed, Spiral Wound, Ring Joints & Camprofile Gaskets).

* Non Metallic Gaskets: (Fibre Reinforced, Rubber, Graphite & PTFE Gaskets).

- In addition to gaskets, Flange accessory packs include high quality gaskets and high strength flange bolts and nuts for extra durability.

FORGED FITTINGS

- A great variety of forged fittings (socket weld & threaded) are available in an array of classes (# 3000, #6000), sizes (Up to 4") and material grades including :

- * Hexagonal, Long & Swage Nipples
- * Couplings & Half couplings
- * Union , Reducers & Caps
- * 45° ,90° Street Elbows
- * Tee & Cross
- * Plugs & Bushings
- * Olets: Weldolets, Thredolets, Sockolets, Elbolet, Nipolets...

VALVES

- A comprehensive valve product lines available in different sizes and conform to standard design & specifications, including:

- * Gate Valves
- * Globe Valves
- * Check Valves
- * Ball Valves
- * Butterfly Valves
- * Plug Valves
- * Butterfly Valves

- A large variety of valves and valve configurations for a wide variety of purposes and conditions: different uses (on/off, control), different fluids (liquid or gas; combustible, toxic or corrosive), different materials and different pressure & temperature conditions (low, medium or high pressure applications and low-, room- or high-temperature applications)
